

Certificate III In

Wall and Floor Tiling

CPC31320 / 103800M

Tilers are always in demand in the construction industry and our Wall and Floor Tiling Certificate will qualify you for a well-paid and rewarding job. In this course you will learn how to lay a wide range of different tiles on external and internal walls and floors. You'll use tiles to create protective and decorative finishes and learn how to use tile-cutting tools to cut and shape tiles needed for edges, corners, or around obstacles. Once qualified, you will be known on-site as a Tiler.

Qualification Overview

This qualification provides a trade outcome in wall and floor tiling for residential and commercial construction work. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as the specialist field of work, wall, and floor tiling. Tilers work with materials like ceramic, glass, slate, marble, and clay. They cut these materials and lay tiles on walls and floors, both interior and exterior. They may also add decorative touches to their basic work.

In this course you will learn how to lay ceramic, clay, slate, marble, glass, and other types of tiles on external and internal walls and floors. You'll use tiles to create protective and decorative finishes and learn how to use tile-cutting tools to cut and shape tiles needed for edges, corners, or around obstacles such as fittings and pipes. You may complete new installations or renovation work on interior or exterior surfaces of houses, shops, offices, and factories. Our industry-qualified trainers will ensure you can undertake tiling tasks in a safe and effective manner.

Occupational titles may include:

- Tiler
- Wall and Floor tiler

Course Structure

The course is delivered over 2 days per week and is made up of the following 20 units:

CPCCWHS2001 - Apply WHS requirements, policies, and procedures in the construction industry

CPCCCM2012 - Work safely at heights

CPCCOM1014 - Conduct workplace communications

CPCCOM1013 - Plan and organise work

CPCCOM1012 - Work effectively and sustainably in the construction industry

CPCCOM1015 - Carry out measurements and calculations

CPCCOM2001 - Read and interpret plans and specifications

CPCCCM2009 - Carry out basic demolition

CPCCWF3001 - Prepare surfaces for tiling application

CPCCWF3002 - Install floor tiles

CPCCWF3003 - Install wall tiles

CPCCWF2002 - Use wall and floor tiling tools and equipment

CPCCCM2006 - Apply basic levelling procedures

CPCCWF2001 - Handle wall and floor tiling materials

CPCCCO2013 - Carry out Concreting in simple forms

CPCCWF3004 - Repair wall and floor tiling

CPCCWF3009 - Apply waterproofing process to internal wet areas

CPCCWF3006 - Install mosaic tiling

CPCCWF3007 - Tile curved surfaces

CPCCWF3005 - Install decorating tiles

MODE OF DELIVERY

The course is delivered face-to-face in a classroom and workshop, with online structured training and incorporates a simulated workplace environment and access to fully equipped training facilities at our campus.
