

# General English

096462J

At EET we pride ourselves on our face-to-face classes. We believe that there is no learning without engagement. As the original “English conversation” school on the Gold Coast, EET has been refining its approach to language learning since 2001.

Our teacher’s goal is to engage you through up-to-date and fun activities that allow you to start “living the language” from your very first class.

# 096462J - General English

## Qualification Overview

Week by week you will increase your confidence in your own English and feel more and more comfortable using it outside the classroom. After all, you don't learn English to use it in a classroom, you learn it to use in the real world.

Each level of the course runs for eleven weeks with each week focusing on a different use of the language. You will be immersed in English with twenty hours of face-to-face classes each week. You will learn how to communicate in different English situations as well as building fluency through communicative and task-based activities.

Every week will get you a step closer to mastering English.

The course is broken into five levels with each one completed over eleven weeks. Students then have a two-week holiday before moving on to the next level (based on test results in week 5 and week 10).

## Course Structure

The course is delivered over 20 hours per week and is made up of the following units:

English Elementary  
course contents

Pre-intermediate  
course contents

English Intermediate  
course contents

Upper-intermediate  
course contents
