

Australia's harsh climatic conditions ensure that there is always plenty of work for Painters and Decorators. In this course you will learn how to prepare surfaces and apply paints and other coatings, apply wallpaper, match colours and to work safely and effectively with tools and materials. You will be taught how to use scaffolding safely in a construction setting, so that you will be ready to go on site and work productively. Once qualified, you will be known on site as a Painter and can usually be recognised by your all-white clothing!

Certificate III in

# Qualification Overview

Certificate III in

# Painting and Decorating

CPC30620 / 103822E - Duration: 104 Weeks

Become a qualified painter and decorator and recognised tradesperson and progress your career in a residential or commercial setting.

In a range of domestic and commercial settings, you'll learn how to prepare surfaces and apply paint, wallpaper, and other coatings to protect, maintain and decorate interior and exterior surfaces. Learn a range of skills including how to handle painting and decorating tools, equipment and materials and match paint colours. Our industry-expert trainers will ensure you can work safely and effectively in a construction environment, including erecting and dismantling restricted-height scaffolding so you can work on elevated platforms.

This qualification provides a trade outcome in painting and decorating for residential and commercial construction work.

Occupational titles may include:

- Painter and Decorator

## Course Structure

The course is delivered over 2 days per week and is made up of the following 29 units:

**CPCCWHS2001** - Apply WHS requirements, policies and procedures in the construction industry

**CPCCCM2012** - Work safely at heights

**CPCCOM1014** - Conduct workplace communications

**CPCCOM1013** - Plan and organise work
